

Senior Structural Engineer

Team: Structural & Civil Engineering
Location: Sidcup / London / Birmingham

Senior Structural Engineer

Job Specification

Team: Structural & Civil Engineering
Location: Sidcup, London, Birmingham

Main Purpose of Job

We are looking for experienced Senior Structural Engineers to join our expanding Engineering team.

The Frankham Group operates within several construction sectors, for both private and public body clients. The role will give the candidate an opportunity to continue to work on design projects, although the role will be primarily within the realm of Building Safety, in the production of desk studies, site inspections, and reports which will advise the owners of HRB's on the risk to structural integrity of their buildings.

Candidates must have a good understanding of the construction methods of high-rise buildings, and design requirements in relation to robustness and progressive collapse.

Key Attributes and Behaviours

- Minimum 10 years' experience in Structural Engineering. Chartered or near to being Chartered.
- Experience undertaking detailed design and assessments, production of reports, specifications and schedules with evidence provided.
- Experience in Eurocodes, British Standards and Building Regulations.
- Experience of visiting sites, making observations and providing written advice on cause and remediation of defects.
- A broad experience in various construction sectors and materials.

Benefits & Initiatives

Frankham offer excellent benefits and initiatives, including:

- Hybrid working policy
- Annual leave - sell, buy & carry-over
- Health Insurance - Health Shield cash plan
- Long service award
- Incentive scheme
- Frankham Friday
- Professional qualification support
- Cycle-to-work scheme
- Death in service
- Annual season ticket loan
- Generous maternity & paternity pay

About Frankham Group
